## **CSA US Development Academy Home Season Kicks Off On Sunday**

South Carolina United FC to visit Davie Park

The CSA US Development Academy teams start their home season this coming Sunday playing against South Carolina United FC based out of Columbia and Charleston. The under U16 teams will kick off at 12pm and the under 18 teams will kick off at 2pm at Davie Park located on Pineville/Matthews Road. There will also be a pre-academy friendly U14 game at 10am at the same location. Admission is free to the public.

“Both coaches and the all the players are looking forward to our first regular season game on Sunday. It will also be good to see our next wave of players coming through with the U14 boys as they will be playing prior to the two US Development Academy games”, said Richard Butler, CSA’s Director of the US Development Academy program. “We had a good experience in Phoenix and learned a lot about our players on both the U16 and U18 squads. That was all part of our pre-season and there was some experimenting going on. We have had the chance to train again for ten days or so and now both starting line ups are more solidified. South Carolina have two good teams, their U16s are top of the league so again we should have two good tests on Sunday. I hope our families at CSA will come out and watch what should be some highly competitive games.”
