704-557-6076

**Location:** McAlpine Elementary School

Charlotte, NC

**Dates:** June 14-17 & June 28-July 1

**Ages 3-5 (Tots N Tikes).** This camp is designed for children who have not played soccer before and those who are preparing to play in a U6 league in the fall. The daily sessions will focus on teaching kids the fundamental skills of the game such as passing, ball control, dribbling, and shooting.

Another objective of this camp is to help kids develop and strengthen their gross and fine motor skills. This will be accomplished through a variety of fun and structured games and activities such as relays, speed and agility course, and parachute games.

**A unique feature:** All camp participants will have an opportunity to play and experience something wonderful and unique as they play small-sided games in the Senbel MultiSport Net. This is a wonderful piece of training equipment. To learn more about it, please go to <http://www.SenbelMultiSportNet.com>
